

**Names:**

**Inspired by 721 by Emily Dickinson**

**“Nature” is what we see:**

**What do you see?** Identify actual objects, plants and living creatures. Then think about metaphors, figurative language and descriptive ways to describe them.

a.

b.

c.

**Nature is what we hear:**

**What do you hear?** Identify actual sounds of living creatures. Then think about metaphors, figurative language and descriptive ways to describe these sounds. Use your imagination. How would you describe things that didn't make a sound like grass growing?

a.

b.

c.

**Nature is what we know:**

**What does Nature teach us? What does it help us know about ourselves? What does it help us know about our interactions with others? What DO we know about nature?**

a.

b.

c.
